#### **The title fits the text content.**

<input type="radio"/> Agree	<input type="radio"/> Somewhat agree (some edits recommended)
<input type="radio"/> Somewhat disagree (edits needed)	<input type="radio"/> Disagree (complete revision required)
<input type="radio"/> Question not applicable (if necessary, please give details below)	

#### **The title is clear.**

<input type="radio"/> Agree	<input type="radio"/> Somewhat agree (some edits recommended)
<input type="radio"/> Somewhat disagree (edits needed)	<input type="radio"/> Disagree (complete revision required)
<input type="radio"/> Question not applicable (if necessary, please give details below)	

#### **The abstract fits the text content.**

<input type="radio"/> Agree	<input type="radio"/> Somewhat agree (some edits recommended)
<input type="radio"/> Somewhat disagree (edits needed)	<input type="radio"/> Disagree (complete revision required)
<input type="radio"/> Question not applicable (if necessary, please give details below)	

#### **The abstract is clear.**

<input type="radio"/> Agree	<input type="radio"/> Somewhat agree (some edits recommended)
<input type="radio"/> Somewhat disagree (edits needed)	<input type="radio"/> Disagree (complete revision required)
<input type="radio"/> Question not applicable (if necessary, please give details below)	

#### **Suggestions for improvement and/or comments:**

**Q3. In your opinion this article:**

- Presents the results of a research project.
- Is a methodological article.
- Is a theoretical/epistemological/historiographical text.
- Is an overview of a domain (literature review, state of the art, etc.) or criticism of several works.
- None of the above. (Give details below)

**Please state the subject of the article (in a few lines).**

**Q4. Argument, source, and methodology**

**The subject/argument is clearly defined.**

- Agree
- Somewhat agree (some edits recommended)
- Somewhat disagree (edits needed)
- Disagree (complete revision required)
- Question not applicable (if necessary, please give details below)

**The approach developed in the article brings something new to the domain studied.**

- Agree
- Somewhat agree (some edits recommended)
- Somewhat disagree (edits needed)
- Disagree (complete revision required)
- Question not applicable (if necessary, please give details below)

**The methodology is outlined clearly.**

- Agree
- Somewhat agree (some edits recommended)
- Somewhat disagree (edits needed)
- Disagree (complete revision required)
- Question not applicable (if necessary, please give details below)

**The field (in terms of sources, reference corpora, etc.) is described clearly.**

- Agree
- Somewhat agree (some edits recommended)
- Somewhat disagree (edits needed)
- Disagree (complete revision required)
- Question not applicable (if necessary, please give details below)

**Suggestions for improvement and/or comments:**

## **Q5. The analysis and results are persuasive.**

### **Suggestions for improvement and/or comments:**

**Q6. Suggestions for improvement and/or general comments (please specify the strengths of the text and clearly state what, in your opinion, are its major problems and minor errors):**

## Q7. Bibliographic references

The bibliographic references seem to be correct.

The bibliographic references seem to have been used appropriately.

**Do you have suggestions for other references to use?**

## **Q8. Style, form, and structure**

**The text is well written (in terms of spelling, syntax, punctuation, etc.).**

**The text is easy/enjoyable to read.**

Agree       Somewhat agree (some edits recommended)  
 Somewhat disagree (edits needed)       Disagree (complete revision required)  
 Question not applicable (if necessary, please give details below)

**The text is clearly structured.**

O Agree  O Somewhat agree (some edits recommended)  
 O Somewhat disagree (edits needed)  O Disagree (complete revision required)  
 O Question not applicable (if necessary, please give details below)

**Do you have any comments regarding the structure and/or suggestions of changes to it? In your opinion, would certain passages benefit from being cut down or developed?**

**Q9. In your opinion, this article is:**

O publishable in its current state       O publishable subject to edits (without new expertise)  
 O publishable subject to major changes (new expertise)       O unpublishable

Does any of the article need to be rewritten (in terms of style, spelling, etc.)?

Yes  no

**If new expertise is required, would you be willing to provide this?**

yes  no

***Thank you for taking the time to read and assess this article.***
